

## Surface Mount Window/Door Contact

Part Number: ZW00771B

### Features:

- 
- Simple and quick to install with sticky pads or screws
- Long battery life and battery level feedback
- Logging & Alarming

- The HALO sensor provides wireless door contact / status monitoring
- The sensor is designed for application in home automation and light commercial environment
- The technology uses a low-power RF radio system
- Application can include domestic, school, office & light commercial and monitoring application

Supply Voltage	3V battery (CR123A/1700mAh)
RF Distance	Minimum 40m indoor, 100m outdoor line of sight (subject to change due to environmental conditions such as walls, noise, materials etc.)
RF Frequency	868.40 MHz, 869.85 MHz (EU)
Battery Life	CR123A 2~5 years (Depending on the trigger interval)
Magnetic Gap	30 mm
Operating Temperature	-10 ~ 40°C
